Synopsis:

Marc never meant to summon the Devil. But with a slip of the hand, he played the secret chord—a chord known only to legends like Jimi Hendrix and Robert Johnson—and unleashed a supernatural force that pulls him into a high-stakes quest. Marc, a musician, now must gather magical artifacts tied to rock and roll history in preparation for a final showdown with the Devil himself. His journey is fraught with supernatural forces working against him, but he's not alone. With a motley crew, including the ghost of Keith Richards, Marc navigates a world where music holds power over life and death. Failure is not an option, as losing means eternal damnation for himself, his friends, and even Keith Richards' ghost.
